ORDER DISMISSING APPEAL

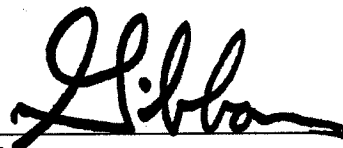

This is a proper person appeal from a district court order granting a motion to dismiss in a medical malpractice case, alleging, among other things, civil rights violations under 42 U.S.C. § 1983. First Judicial District Court, Carson City; Michael R. Griffin, Judge.

On December 6, 2006, this court entered an order directing appellant to show cause, within twenty days of that order's date, why his appeal should not be dismissed as abandoned because he appeared to have moved without notifying this court of any address change, leaving this court unable to communicate with him. Appellant's response to this court's order to show cause was due on December 26, 2006. No response to this court's order has been received in this court, and the copy of the December 6 order mailed to appellant was returned to this court on December 13. Once again, no forwarding address was provided.

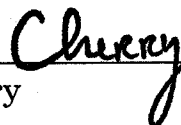

Because appellant has failed to respond to this court's order and has apparently moved without notifying this court of his current

address, leaving this court unable to communicate with him, we conclude that appellant has abandoned this appeal. Accordingly, we dismiss it.

It is so ORDERED.
