ORDER DENYING PETITION FOR WRIT OF MANDAMUS

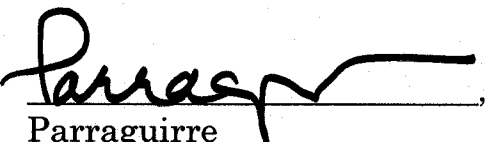

This original petition for a writ of mandamus challenges a district court order directing petitioner to provide the court with documentation of the work petitioner performed for a client, in order to assist the district court in resolving petitioner's attorney's lien. Petitioner contends that we should direct the district court to enforce petitioner's retainer agreement, which provides for payment of the full contingency fee in the event that petitioner is terminated, without regard to the amount of work petitioner performed.

We have considered this petition, and we are not satisfied that this court's intervention by way of extraordinary relief is warranted. Accordingly, we deny the petition.¹

It is so ORDERED.
