ORDER DENYING PETITION FOR CONDITIONAL ADMISSION

Applicant Erin Albright has filed a petition seeking conditional admission under SCR 49.7. Having reviewed the petition and its attachments, we conclude that it must be denied. First, the petition is procedurally improper. SCR 49.7 applies to applicants for admission who have undergone evaluation by the Board of Bar Examiners' Moral Character & Fitness Committee and who have entered into an agreement with the Board for conditional admission. The impediment to Albright's admission is not a character and fitness issue, but passage of the Multi-State Professional Responsibility Examination. Moreover, Albright has ample time within which to pass the MPRE and apply the score to her

successful July 2006 Nevada bar examination.¹ Accordingly, we deny the petition for conditional admission.

It is so ORDERED.²
