ORDER DENYING PETITION

This is a proper person petition for a writ of mandamus. Petitioner seeks advice and help with the deadlines for filing a federal habeas corpus petition and complains about the White Pine County Clerk's transmission of the record on appeal in Docket No. 47368. Petitioner further seeks an order directing the district court to consider and resolve a motion to vacate, modify or correct sentence that was purportedly filed in the district court on January 11, 2006.

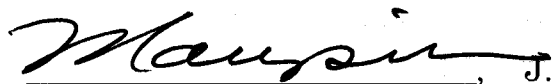

We have considered the documents before this court, and we conclude that this court's intervention is not warranted.¹ This court cannot offer advice or help regarding the deadlines for filing a federal habeas corpus petition. It appears that this court is in receipt of the complete record on appeal in Docket No. 47368. If this court believes that further documents are required, this court will seek supplementation of

the record in Docket No. 47368. Finally, this court is confident that the district court will resolve all pending matters as expeditiously as its calendar permits. Accordingly, we
