<sup>1</sup>On November 19, 2007, this court entered an order denying appellant's motion to hold this appeal in abeyance and remand this matter to the district court. That order also directed appellant to file status reports in this court as to whether the district court had certified an inclination to grant appellant's pending motion for reconsideration and/or clarification. On December 11, 2007, appellant filed a status report indicating that the hearing on the pending motion was rescheduled and that she would supplement the status report following the hearing. In light of the dismissal of this appeal, neither the appellant nor the district court is obligated to file further status reports regarding the motion for reconsideration and/or clarification.
