ORDER DENYING PETITION

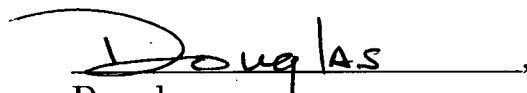

This is a proper person petition for a writ of mandamus. In the documents submitted to this court, petitioner seeks: (1) reconsideration of this court's prior decisions in Sheriff v. Orth, Docket No. 46176 (Order of Reversal and Remand, February 17, 2006) and Orth v. District Court, Docket No. 47152 (Order Granting Petition in Part, June 30, 2006); (2) an order directing his release from custody; (3) an order of remand to the district court to consider on the merits a motion to set aside the verdict or motion for a new trial; (4) an order directing the Warden at the Ely State Prison to return any monies deducted from his inmate account for copying, researching and postage expenses; (5) an order directing the district court clerk to provide him transcripts at state expense; and (6) a stay of execution of sentence and/or decision on pending

appeal in Orth v. State, Docket No. 49746. We have reviewed the documents submitted to this court, and we conclude that extraordinary intervention is not warranted in this matter.¹ Accordingly, we

ORDER the petition DENIED.
