ORDER DISMISSING APPEAL

This is a proper person appeal. Seventh Judicial District Court, White Pine County; Dan L. Papez, Judge.

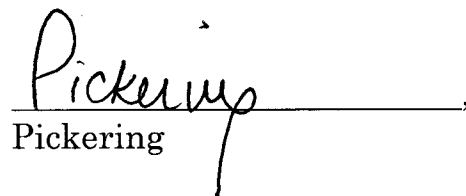

On September 25, 2009, we entered an order directing appellant to show cause why this appeal should not be dismissed as abandoned, based on the fact that appellant has apparently moved without updating his address on file with this court, leaving the court unable to communicate with him. Specifically, we noted that the copies of this court's June 30, 2009, and July 27, 2009, orders sent to appellant were returned to this court with a notion indicating that they were "not deliverable as addressed" and that they could not be forwarded. The September 24 order noted that appellant's failure to respond as directed would result in the dismissal of his appeal.

Appellant's response to our show cause order was due on October 5, 2009. On October 6, 2009, the copy of the September 25 show cause order sent to appellant was also returned to this court with a similar notation indicating that the document could not be delivered or forwarded. Accordingly, because appellant has apparently moved without updating his address on file with this court, leaving the court unable to communicate with him, we conclude that appellant has abandoned this appeal, and we

ORDER this appeal DISMISSED.
