ORDER DENYING PETITION

This is a proper person document labeled "motion for order authorizing U.S. District Court to consider Fed. R. Civ. P. Rule 60(b) motion."¹ It appears that petitioner sought an order from the federal court remanding a matter to the state court for a hearing. We have considered the documents submitted in this matter and we conclude that no relief is warranted. Petitioner should file his motion in the United States District Court. Accordingly, we

ORDER the petition DENIED.
