ORDER DENYING PETITION

This is an original petition for a writ of mandamus or prohibition challenging district court orders related to motions filed by the State concerning the admissibility of prior bad act evidence against petitioner and the victim in a criminal prosecution against petitioner. We have considered the petition on file herein, and we are not satisfied that this court's intervention by way of extraordinary writ is warranted at this

time. Accordingly, we deny the petition. See NRAP 21(b). We also deny petitioner's motion for stay of the district court proceedings.

It is so ORDERED.
