ORDER DENYING PETITION

This original petition for a writ of mandamus or prohibition challenges a district court order denying a pretrial petition for a writ of habeas corpus in which petitioner contended that an indictment filed against her failed to state a crime and provide sufficient facts to adequately prepare a defense. Having considered the petition and documents filed in this matter, we conclude that petitioner has not demonstrated that the indictment filed against her is deficient on the grounds asserted. Accordingly, we deny the petition. See NRAP 21(b).

It is so ORDERED.¹
