ORDER OF AFFIRMANCE

This is an appeal from an order of the district court denying appellants' motion for attorney's fees pursuant to NRS 18.010. Having reviewed the record and the briefs submitted by the parties, we conclude that the district court did not abuse its discretion. See NRS 18.010(2); Collins v. Murphy, 113 Nev. 1380, 951 P.2d 598 (1997) (holding that a trial court's decision to award attorney's fees will not be overturned absent a manifest abuse of discretion). Accordingly, we affirm the order of the district court.

It is so ORDERED.
