ORDER DENYING PETITION

This is a pro se petition for a writ of mandamus. Petitioner challenges the decision of the Nevada Court of Appeals in *West v. State*, Docket No. 66650 (Order of Affirmance, April 15, 2015), and seeks an order directing the district court to conduct an evidentiary hearing on the claims raised in his post-conviction petition for a writ of habeas corpus. Without deciding upon the merits of any claims raised in the documents submitted in this matter, we decline to exercise our original jurisdiction. See NRS 34.160; NRS 34.170; see also NRAP 40B(a) (providing that decision of the Court of Appeals is a final “decision that is not reviewable

by the Supreme Court except on petition for review"). Accordingly, we
ORDER the petition DENIED.
