ORDER DENYING PETITION

This is a pro se petition for a writ of mandamus. Petitioner seeks an order directing the district court to reverse a decision to deny a motion to proceed in forma pauperis, a motion to file an oversized postconviction brief, and a motion to extend the prison copy limit. We have considered the documents submitted in this matter, and we decline to exercise our original jurisdiction.¹ See NRS 34.160. Accordingly, we

ORDER the petition DENIED.²

¹We note that while there is no page limit established by statute for a postconviction petition for a writ of habeas corpus, see NRS 34.735, permission to file supplemental pleadings is discretionary, see NRS 34.750(5). A person seeking habeas relief need not attach copies of documents already part of the record to the petition. See NRS 34.735.

²We received a number of pro se motions and documents, and we deny the relief requested.
