ORDER DISMISSING APPEAL

On April 15, 2002, this court entered an order directing appellant to inform this court what effect the U.S. Bankruptcy Court's order of discharge has on this appeal. Our order also specifically directed appellant to file a motion to dismiss this appeal pursuant to NRAP 42 if the U.S. Bankruptcy Court's order has rendered this appeal moot. On April 25, 2002, appellant filed a motion for voluntary dismissal of this appeal pursuant to NRAP 42(b). Appellant's counsel states that it is his understanding "that one of the legal effects of [the bankruptcy court's] order is that respondents are permanently enjoined from . . . continuing any action or collecting any claim from appellant including via the district court action below and out of which this appeal arises." Accordingly, and cause appearing, we grant appellant's motion and order this appeal dismissed. NRAP 42(b).

It is so ORDERED.
