ORDER DENYING PETITION FOR WRIT OF MANDAMUS

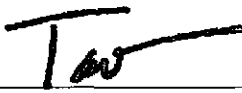

This pro se emergency petition for a writ of mandamus challenges the district court's alleged failure to rule on a motion to remove counsel so that a post-conviction petition for habeas relief and other motions can be timely filed.¹ Having reviewed the petition, we conclude that petitioner has not met his burden of demonstrating that writ relief is warranted. First, petitioner failed to submit with the petition an appendix or any documentation necessary to evaluate the petition. NRAP 21(a)(4) (requiring petitioner to submit with his petition copies of any parts of the record or any document that may be essential to understand the matters set forth in the petition); *Pan v. Eighth Judicial Dist. Court*, 120 Nev. 222, 228-29, 88 P.3d 840, 844 (2004). Further, although petitioner failed to serve his writ petition on the district court judge and any parties to the proceeding, which constitutes another basis on which to deny relief, NRAP

¹As petitioner's petition has been filed with no fee charged, his request for in forma pauperis status is denied as moot.

21(a)(1), we expect that the district court will resolve any matter before it with all due haste. Accordingly, we

ORDER the petition DENIED.
