ORDER DISMISSING APPEAL

This is an appeal from a district court summary judgment. When our review of the docketing statements and documents submitted to this court revealed a potential jurisdictional defect, we ordered appellants to show cause why this appeal should not be dismissed for lack of jurisdiction. Specifically, it appeared that the notice of appeal was filed before the district court entered a final written judgment adjudicating the rights and liabilities of all the parties. Appellants have responded to the order to show cause.

In their response, appellants state that they "have no objection to this court dismissing this case for lack of jurisdiction." Accordingly, we conclude that we lack jurisdiction over this appeal and we

ORDER this appeal DISMISSED.
