ORDER DISMISSING APPEAL

This is a pro se appeal from a district court order denying a petition for judicial review of an inmate grievance matter. First Judicial District Court, Carson City; James Todd Russell, Judge.¹

Having considered appellant's informal brief and the record, we conclude that there is no justiciable controversy to resolve in this appeal. Appellant concedes that NDOC properly denied his grievance but his appeal is simply seeking clarification as to which one of two reasons was the proper basis for its denial. Since clarifying this matter would not resolve any dispute concerning the parties' respective rights and obligations, we decline to give such clarification. *See Personhood Nev. v. Bristol*, 126 Nev. 599, 602,

¹We conclude that a response to the informal brief is not necessary. NRAP 46A(c). Pursuant to NRAP 34(f)(3), this appeal has been submitted for decision based on the pro se brief and the record.

245 P.3d 572, 574 (2010) ("This court's duty is not to render advisory opinions but, rather, to resolve actual controversies by an enforceable judgment."). Accordingly, we

ORDER this appeal DISMISSED.
