*ORDER DENYING PETITIONS*

These original petitions for a writ of mandamus challenge the district court's failure to grant John Michael Dunn's motions and compel production of relevant material documents, including a transcript of the oath statement for the issuance of a search warrant. We have reviewed the documents filed in these petitions, and without deciding upon the merits of any claims raised, we decline to exercise our original jurisdiction. See NRS 34.160. Dunn has an adequate legal remedy, as interlocutory decisions of

the district court may be raised on direct appeal in the event Dunn is convicted. See NRS 34.170; NRS 177.045. Accordingly, we

ORDER the petitions DENIED.
