DEPUTY CLERK

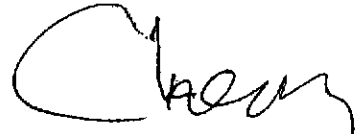

ORDER DENYING PETITION FOR WRIT OF MANDAMUS

This original petition for a writ of mandamus challenges a district court order denying a motion for summary judgment in a medical malpractice action.

Having considered the petition and supporting documents, we conclude that our extraordinary and discretionary intervention is not warranted. NRS 34.160; *Smith v. Eighth Judicial Dist. Court*, 107 Nev. 674, 677, 679, 818 P.2d 849, 851, 853 (1991). Because resolution of the issues presented in the petition will not resolve the claims for negligent infliction of emotional distress, petitioners' explanation as to why an appeal from a final judgment would not afford them an adequate remedy is unpersuasive. *Pan v. Eighth Judicial Dist. Court*, 120 Nev. 222, 224, 228, 88 P.3d 840, 841, 844 (2004); *Moore v. Eighth Judicial Dist. Court*, 96

Nev. 415, 417, 610 P.2d 188, 189 (1980) (determining that mandamus is not an appropriate remedy when resolution of the writ petition will not dispose of the entire controversy). Accordingly, we

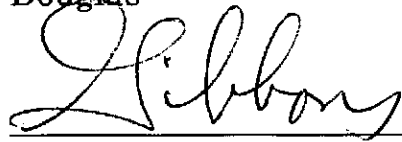

ORDER the petition DENIED.¹
