*ORDER DECONSOLIDATING APPEALS AND DISMISSING APPEAL
IN DOCKET NO. 80118*

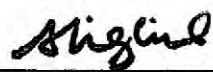

These are appeals from a single district court order denying a postconviction petition for a writ of habeas corpus. These appeals are deconsolidated.

This court's further review of the appeal in Docket No. 80118 reveals a jurisdictional defect. On November 21, 2019, appellant filed a pro se notice of appeal. The notice of appeal appears to challenge an order denying a postconviction petition for a writ of habeas corpus. However, the documents before this court indicate that no such order has been entered in district court case number C-15-305438-1, the case number designated in the notice of appeal. Thus, the appeal is premature. See NRS 177.015(3) (stating that a defendant only may appeal from a final judgment or verdict). In addition, it does not appear from the district court docket and minute

entries that the district court has entered any appealable order. Accordingly, the appeal in Docket No. 80118 is dismissed.

It is so ORDERED.
