ORDER DISMISSING APPEAL

This is a pro se appeal from a district court order of dismissal. Second Judicial District Court, Washoe County; David A. Hardy, Judge.

Review of the notice of appeal and documents before this court reveals a jurisdictional defect. It appears that the notice of appeal was prematurely filed after appellant timely filed a tolling motion in the district court on March 8, 2019, but before that motion was formally resolved with a written order. See NRAP 4(a)(4) (regarding tolling motions); *AA Primo Builders LLC v. Washington*, 126 Nev. 578, 585, 245 P.3d 1190, 1195 (2010) (describing when a post-judgment motion carries tolling effect). As this court lacks jurisdiction over a premature appeal, see NRAP 4(a)(6), this court

ORDERS this appeal DISMISSED.
