ORDER DISMISSING APPEAL

This is a pro se appeal. Eighth Judicial District Court, Clark County; Trevor L. Atkin, Judge.

Review of the documents submitted to this court pursuant to NRAP 3(g) reveals a jurisdictional defect. Specifically, both appellant and the district court's case appeal statement indicate the appeal is from an order of dismissal, but no such order appears in the district court docket entries. Appellant filed his complaint on October 1, 2019. The district court appears to have taken no action since then, aside from an order to show cause. A minute order of dismissal, and a subsequent order to statistically close the case. None of these orders is either written and entered or substantively appealable. See NRAP 4(a)(1); *Rust v. Clark Cty. School District*, 103 Nev. 686, 747 P.2d 1380 (1987) (explaining that the district court's oral pronouncement from the bench, the clerk's minute order, and even an unfiled written order cannot be appealed); *Brown v. MHC Stagecoach, LLC*, 129 Nev. 343, 301 P.3d 850 (2013) (an order statistically

closing a case is not appealable). Accordingly, this court lacks jurisdiction and

ORDERS this appeal DISMISSED.¹
