ORDER DISMISSING APPEAL

This is a pro se appeal from a district court order granting a motion to dismiss. Second Judicial District Court, Washoe County; Kathleen M. Drakulich, Judge.

Review of the notice of appeal, docketing statement, and other documents before this court reveals a jurisdictional defect. The notice of appeal was prematurely filed in the district court after the filing of a timely tolling motion for reconsideration and before that tolling motion was resolved via a written order entered in the district court. *See* NRAP 4(a)(4) (regarding tolling motions); *AA Primo Builders LLC v. Washington*, 126 Nev. 578, 585, 245 P.3d 1190, 1195 (2010) (describing when a post-judgment motion carries tolling effect). To date, it appears the tolling motion remains pending in the district court. As this court lacks jurisdiction to consider a premature notice of appeal, *see* NRAP 4(a)(6) (“A premature notice of appeal does not divest the district court of jurisdiction.”), this court

ORDERS this appeal DISMISSED.
