*ORDER DISMISSING APPEAL*

This is a pro se appeal from a district court order granting a motion to dismiss. Eighth Judicial District Court, Clark County; Eric Johnson, Judge.

Review of the notice of appeal and documents before this court reveals a jurisdictional defect. The challenged order dismisses several causes of action but directs certain defendants to answer the complaint as to the remaining claims. To date, it appears those claims remain pending in the district court. Therefore, the order is not appealable as a final judgment under NRAP 3A(b)(1). *See Lee v. GNLV Corp.*, 116 Nev. 424, 426, 996 P.2d 416, 417 (2000) (“[A] final judgment is one that disposes of all the issues presented in the case, and leaves nothing for the future consideration of the court, except for post-judgment issues such as attorney’s fees and costs.”). And no other statute or court rule permits an appeal from the challenged order. *See Brown v. MHC Stagecoach, LLC*, 129 Nev. 343, 345, 301 P.3d 850, 851 (2013) (this court “may only consider appeals authorized by statute or court rule”). Accordingly, this court lacks jurisdiction and
