*ORDER DISMISSING APPEAL*

On August 16, 2024, this court entered an order and returned appellant's docketing statement unfiled because it was deficient. That order directed appellant to correct the deficiencies and re-file the docketing statement within 14 days. On August 27, 2024, appellant re-filed the docketing statement. On August 28, 2024, this court entered an order striking the docketing statement because it was still deficient and reminded appellant that he had until August 30, 2024, to re-file a docketing statement that conformed with the rules and cautioned that failure to comply would result in the dismissal of this appeal. Appellant did not timely file a docketing statement that conforms with the rules. Accordingly, this appeal is dismissed.

It is so ORDERED.
