ORDER DISMISSING APPEAL

This is a pro se appeal from a district court order denying a motion to strike and granting a request to transfer petition for writ of habeas corpus to a different county. Eighth Judicial District Court, Clark County; Erika D. Ballou, Judge.

Because no statute or court rule permits an appeal from the aforementioned district court order, this court lacks jurisdiction to consider this appeal. *Castillo v. State*, 106 Nev. 349, 352, 792 P.2d 1133, 1135 (1990) (explaining that this court has jurisdiction only when statute or court rule provides for appeal). Accordingly, this court
