ORDER DENYING PETITION

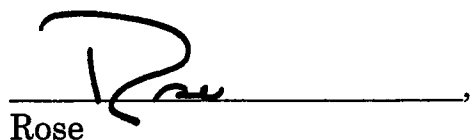

This proper person petition for a writ of mandamus requests this court to order the district court to conduct proceedings on petitioner's pre-sentence habeas corpus petition challenging the trial court proceedings that led to guilty verdicts and whether petitioner received the effective assistance of counsel. Specifically, petitioner seeks an order to be present at a hearing on his habeas corpus petition, and an order that the district court will comply with all relevant habeas corpus statutes in the proceedings. Petitioner also requests an order to the district court to rule on his claim that there is a conflict of interest with the district attorney.

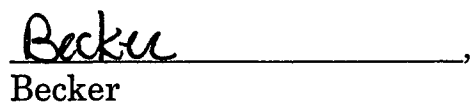

We have considered the petition on file herein, and we are not

satisfied that this court's intervention by way of extraordinary relief is warranted at this time.¹ Accordingly, we

ORDER the petition DENIED.
