ORDER DENYING PETITION FOR WRIT OF MANDAMUS

This original proper person petition for a writ of mandamus requests that we compel the district court to rule on petitioner's motion for partial summary judgment in District Court Case No. CF9907010. Our review of the district court docket entries reveals that the district court has recently entered an order in Case No. CF9907010. As that case appears to be proceeding, we conclude that our intervention by way of

extraordinary relief is not warranted at this time. We therefore deny the petition.

It is so ORDERED.¹

¹We direct the clerk of this court to return, to petitioner, the requests for submission he provided in his response to this court's order directing the filing fee payment and transmission of documents. We conclude that the filing fee should be waived for this petition. See NRAP 21(e).
