Good afternoon:

As Roger Hillygus's proceedings are stayed, I wanted to make sure we submitted a separate media request for Stewart Handte's hearings in CR19-1535B as his case is going forward.

I'd like to record (non-live) April 7 at 9 a.m. and April 13 at 9 a.m.

I'd like to record (live only for opening statements, closing arguments, verdict) the May 2 at 9 a.m. jury trial.

Also, the mainstream media cameras apparently record an interrupted pattern of footage; I was hoping you could see if the judge wouldn't mind exercising his discretion under the rule to allow 1 additional camera. It would be unmanned so there would still only be 1 camera operator; this way we could capture the footage the main news outlets miss. We could cluster it next to the other camera so they're all neatly kept together in one location.

Looking forward to hearing back.
