Eighth Judicial District Court  
Department 9  
200 Lewis Avenue  
Las Vegas, Nevada 89101

To The Honorable District Judge Cristina Silva:

Your concerns were brought to my attention on live coverage. There was no effort to omit this detail from the Court. The entire trial<sup>1</sup>, as well as 2 pre-judgment hearings and 2 post-judgment hearings, was covered live in Department 28. I assumed counsel was aware same would occur with these proceedings, and wasn't aware of any issue until it was requested of me yesterday; naturally, steps were taken to prevent the live stream from publishing.

In other words, I assumed the request to keep opening statements from publishing was a request to expire the live stream, effectively preventing its publication to Facebook as a video. It never dawned on me that counsel or the court was unaware of a live broadcast.

Out of an abundance of caution, I instructed the camera team to refrain from live coverage of opening statements and testimony in these proceedings, going forward.

Sincerest apologies,

---
