Mr. Falconi,

Mr. Robison has also requested to provide electronic media coverage of the above matter with respect to still photography and audio recording. The Supreme Court Rules do not separately provide for audio recording, but that would obviously be captured in any video recording. As Rules allow for only a single photographer and a single videographer, I want to connect you both so you can discuss the issue of a pool video. The Court does not need to be involved in that conversation.

A notice regarding the request for electronic media coverage was filed into the record last week and there has, to date, been no objection filed by either party.

Thank you,

Alicia
