To: Clerk of the Court

I request permission to deploy one (1) high-definition camera for the matter before this Court docketed under Case No. 85527. I understand that oral arguments are routinely livestreamed, however, the maximization of audio and video quality has an impact on the presentation we prepare which goes beyond mere information.

Our general<sup>1</sup> viewership's interest and engagement in a case is notably impacted by the quality of our presentation. If this Court would prefer, the camera can be deployed unmanned.

I am aware of pending media requests by other entities. SCR 233 (camera pooling).

A handwritten signature in blue ink that reads 'Alexander Falconi'.
