Ms. Sunny Bailey,

Over the past few weeks, the Juvenile Probation Officers' Association (JJPOA) has had the opportunity to observe and evaluate the perspectives and agendas from the various candidates in the Clark County, Nevada 2020 District Court Judge elections. Your honest, pragmatic, and hopeful insight into our community's problems and needs, and your willingness to examine the issues and listen closely to the family's questions and concerns, sets you far apart from the other candidates.

Members of the JJPOA take pride in forging changes within the community. We strive to restore safety and stability in the homes of the clients we serve, many of which have had direct contact or experience with family court matters. We appreciate your attention to details and advocacy for stabilization and healthy co-parenting.

Ms. Bailey, on behalf of JJPOA, we are writing to express support for your campaign and our intention to vote for you as the Family District Court Judge in Department I. We are hopeful in your success. In addition, we will spread the word about your commitment to accountability.

Sincerely,
Juvenile Probation Officers' Association
