

Greetings.

Thank you for participating in our endorsement process. We appreciated your responses, and believe you share the values of our organization and the members we represent.

Please accept our endorsement, and feel free to use our name and attached logo in a way that promotes your candidacy.

We will be promoting you to our members and their families through mailed and personally distributed literature, one on one phone calls and text messages, and through social media, emails, and other means of electronic communication.

Thank you for your service to the community and your support of Union Members. We look forward to working with you as an elected representative.

Sincerely,

Greg Esposito
